MESSAGE FROM THE CHAIRPERSON

The Leadership Excellence for Women Awards and Symposium (LEWAS) is proud to deliver another engaging program this year.

Since 2013, under the patronage of H.E. Shaikh Mohamed bin Khalifa Al Khalifa, Minister of Oil, Kingdom of Bahrain and supported by NOGA, LEWAS has become the leading Awards and Symposium for Women in the Energy Industry in the Middle East. It is a strategic platform that showcases the accomplishments of women in Energy, opportunities to advance women across the value chain, share best practices & unlock potential opportunities of collaboration and partnerships between organizations with the same objective and goal.

On behalf of the LEWAS 2020 Committee and LEWAS Advisory Board, and focusing on our three Pillars, it is our pleasure to invite you to Engage, Empower and Elevate with LEWAS in 2020.

Engage in the Workshops and Mentoring sessions that LEWAS is providing for students and early career women. Learn and share best practices that have enabled the Empowerment of Women in Energy during the LEWAS Symposium. Celebrate the accomplishments of women and women advocates, as we Elevate more women in Energy.

We look forward to partnering with you towards these important LEWAS Pillars.

Reem Al Ghanim

LEWAS 2020 AWARDS

The Leadership Excellence for Women Awards recognizes outstanding women in the energy industry who have excelled professionally and personally through their unmatched contribution in the areas of leadership, innovation, talent, research and outreach. Each of the seven awards cover categories ranging from academic excellence to technical categories, open to women of age 18 onwards.

AWARD CATEGORIES

- **Academic Achievement for University Student Award**: A young woman in University who demonstrates academic excellence and leadership.
- **Academic Achievement for University Professor/ Researcher Award**: A female academic professional with 10 or more years of experience in the Science and/or Engineering department.
- **Rising Star Award**: A young professional woman with 3-5 years of experience in the Energy industry.
- **Leading with Excellence Award**: A professional woman with 5-15 years of experience in energy: Science/ Engineering.
- **Woman of Achievement Award**: A professional woman, with 15 years or more of experience in Science & Engineering in the Energy industry.
- **Corporate Champion Recognition (Male Champion)**: A professional male with 10+ years of experience who has gone above and beyond to develop and support women as professionals and potential leaders.
- **Corporate Excellence Recognition**: An organization that has excelled at initiatives to encourage, advance, hire, and retain women through inclusive hiring and development practices.

Open to women and women advocates of all nationalities operating in Middle East in the energy sector

LEWAS encourages students, academia, line managers, CEOs, business directors, engineers, scientists, content creators and businesses in the government and private sector to participate as long as they have worked in their capacity to make the energy sector a better place.

LEWAS also has a special award category to recognize male champions and corporations who nurture, empower and propel women to advance in the energy sector and actively promote inclusion in the organization.
